

Come see what education can be...

We have been offering outstanding, Christian education in Chico since 1905. And our mission has always been the same: Imagine your child equipped for this world and prepared for the world to come.

Equipped for this world

At Chico Oaks your child will get an excellent education. Our students consistently test above grade level on national standardized tests.

Our low student-teacher ratio (14:1 this year) creates an environment where your child can thrive with individualized, caring instruction from fully credentialed teachers.

Research shows that music education improves a child's academic success as well. Our credentialed music educator teaches music for all students through a combination of choir, recorders, theory, hand chimes and band.

We believe children learn best when they are actively involved. So we offer a variety of hands-on co-curriculars, including:

- ★ A full week of outdoor education each spring for grades 5-8 (Our junior high students become scuba certified and dive off Catalina Island.),
- ★ Lego Robotics with FIRST Lego League,
- ★ Art classes with a credentialed art teacher,
- ★ Graphic design,
- ★ A year-long money management simulation, and
- ★ Experiential learning through classroom simulations.

Prepared for the world to come

It is more difficult to quantify our Christ-centered approach, because it permeates everything we do. Daily worships and Bible classes, weekly chapels, and Weeks of Prayer are, of course, part of this. But the real foundation is the individual, mentoring relationship our teachers have with each student.

Three ways to give us a try

Spring Open House

Sunday, April 12
3–5 pm

*Learning demonstrations
Chats with our teachers.
Fun, family activities.*

Skip Up Day

Thursday, May 7
8 am to 12 noon,
Grades K–8

*A perfect time to try our school,
while all students
move up one grade.*

School Day Appointments

Call 342-5043 to schedule

*Come see our teachers
and students in action at a time
that is convenient for you.*
