You must submit *proof of good health* for any increase in excess of \$0 annually. The amount of any increase, with or without *proof of good health*, is subject to the Pre-Existing Conditions provision, as described in the Critical Illness Insurance provisions of the *policy*. A pre-existing condition will be considered to have occurred in relation to the effective date of the change, not the original effective date of your coverage. Any reductions based on age will apply to any increase.

The effective date of any change made during the annual enrollment period will be the later of the policy anniversary or the first of the month occurring on or after the date of our correspondence notifying you of our approval of your or your *covered dependent's proof of good health*, if required. SUMMARY OF GROUP CRITICAL ILLNESS INSURANCE

This summary is intended to help understand your group insurance. It does not change any of its provisions.

Critical Illness Insurance

There may be certain benefits and amounts you may elect and the coverage in force for you will depend on the elections made.

The *policy* pays a fixed benefit when you or a *covered dependent* is *diagnosed* with a covered *critical illness* or undergoes a covered *procedure*.

The *critical illness* must be *diagnosed* or the *procedure* undergone while you or your *covered dependent* is insured under this *policy* and is subject to the limitations and exclusions described in this *policy*. We will not pay benefits for any *critical illness* or *procedure* if you or your *covered dependent* has been *diagnosed* with that *critical illness* or has undergone that *procedure* at any time prior to the effective date of your or your *covered dependent's* coverage under the *policy*.

The *policy* explains the situations in which you or a *covered dependent* will receive limited or no benefits. In addition, pre-existing exclusions may apply to some situations.

The *policy* includes a portability provision. If your *critical illness insurance* ends under certain circumstances, it may be possible to *port* your *critical illness insurance* and your dependent's *critical illness insurance*, if any.

Premiums must continue to be paid, either under the *policy* or under the group portability policy, if eligible, for benefits to be paid.

In the following pages, the provisions that describe a particular coverage were designed to be used in both the *policy* and the certificate. Therefore the terms "you" and "your" are used to refer to the *covered person*.

IMPORTANT:

The benefits of this certificate are provided under a limited *policy*.

This is a *critical illness insurance* certificate.

This is NOT a medical insurance certificate, a Medicare Supplement certificate or a high deductible health plan.

**Please read
your certificate
carefully.**

ELIGIBILITY AND TERMINATION PROVISIONS FOR CRITICAL ILLNESS INSURANCE

Eligible Persons

To be eligible for insurance, a person must:

- be a member of an *eligible class*; and
- complete any Service Requirement shown in the Schedule by continuous service with the employer, the *participating employer*, or an *associated company*; and
- give us *proof of good health*, if required.

The Present Service Requirement applies to persons in an *eligible class* on the Effective Date of the *participating employer's* application. The Future Service Requirement applies to persons who become members of an *eligible class* after that.

Effective Date for an Eligible Person

Proof of good health is required for any amount in excess of the Maximum Amount Without Proof of Good Health. Any *noncontributory* insurance will take effect on the Entry Date shown in the Schedule unless *proof of good health* is required. If *proof of good health* is required, and the proof is acceptable to us, any *noncontributory* insurance will take effect on the later of the Entry Date shown in the Schedule in the *policy* or the Entry Date occurring on or after the date of our correspondence notifying you of our approval of your *proof of good health*.

For any *contributory* insurance, a person must apply for insurance on a form acceptable to us, and agree to pay part or all of the premium. Insurance will take effect on the following:

- If a person applies before becoming eligible, *proof of good health* is required for any amount in excess of the Maximum Amount Without Proof of Good Health. Insurance will take effect on the Entry Date shown in the Schedule in the *policy* unless *proof of good health* is required. If *proof of good health* is required, and the proof is acceptable to us, insurance will take effect on the later of the Entry Date shown in the Schedule in the *policy* or the Entry Date occurring on or after the date of our correspondence notifying you of our approval of your *proof of good health*.
- If the application is made on the date the person becomes eligible, or within 90 days after that, *proof of good health* is required for any amount in excess of the Maximum Amount Without Proof of Good Health. Insurance will take effect on the Entry Date occurring on or after the date of the application unless *proof of good health* is required. If *proof of good health* is required, and the proof is acceptable to us, insurance will take effect on the later of the Entry Date shown in the Schedule in the *policy* or the Entry Date occurring on or after the date of our correspondence notifying you of our approval of your *proof of good health*.
- If application is made more than 90 days after the day the person becomes eligible, or after insurance ended because the premium was not paid, *proof of good health* is required for all amounts of coverage and application must be made during an annual enrollment period. Insurance will take effect on the later of the policy anniversary occurring on or after the date of the application or the Entry Date occurring on or after the date of our correspondence notifying you of our approval of your *proof of good health*.

In no event will a person's insurance take effect before the *participating employer's* effective date.

Exception to Effective Date

If an eligible person is not at *active work* on the day insurance would otherwise take effect, insurance will not take effect until the person returns to *active work*. If the day insurance would normally take effect is not a regular work day for a person, insurance will take effect on that day if the person is able to do his or her regular job.

ELIGIBILITY AND TERMINATION PROVISIONS FOR CRITICAL ILLNESS INSURANCE (continued)

When a Person's Insurance Ends

A *covered person's* insurance will end on the date:

- the *policy* or *participating employer's* application ends;
- the *policy* or *participating employer's* application is changed to end the insurance for a person's *eligible class*;
- a person is no longer in an *eligible class*;
- a person stops *active work*;
- a required contribution was not paid;
- a person's employer is no longer a *participating employer*; or
- all benefits paid or payable for you under this *policy* reach the maximum amount payable as described in the Schedule.

If your insurance ends, you may be eligible to *port* your insurance and continue your benefits. Please see the Porting to a Group Portability Policy provision.

Continuance of Insurance

If a person is unable to perform *active work* for a reason shown below, the *participating employer* may continue the person's insurance and the person's dependent insurance, if any, on a premium-paying basis provided the person remains in other respects a member of the *eligible class*. The continuance cannot be more than the maximum continuance shown below. Continuance must be based on a uniform policy, and not individual selection.

The maximum continuance for *critical illness insurance* is the longest applicable period described below:

- 12 months* for *injury*, sickness, or pregnancy;
- 3 months* for lay-off, leave of absence (other than a family or medical leave of absence described below), or change to part-time; or
- the end of the period the *participating employer* is required to allow* for a family or medical leave of absence under:
 - the federal Family and Medical Leave Act; or
 - any similar state law.

* after the last day of *active work*.

Any leave of absence, including a family or medical leave of absence described above, must be approved in advance in writing by the *participating employer* if the person's insurance is to be continued.

Reinstatement

If a person re-enters an Eligible Class within 12 months after insurance ends, the person will not have to complete the Service Requirement again. Any Pre-Existing Conditions provision will be applied as if insurance never ended if a person re-enters an Eligible Class immediately after the end of a family or medical leave of absence under the federal Family and Medical Leave Act or any similar state law. All other provisions of the *policy* will apply as if the person were newly eligible.

Dependent insurance will not take effect until your insurance for the same coverage under the *policy* takes effect.

DEPENDENT ELIGIBILITY AND TERMINATION PROVISIONS FOR CRITICAL ILLNESS INSURANCE (continued)

If an *eligible dependent* is in a *hospital* or similar facility on the day insurance would otherwise take effect, it will not take effect until the day after the *eligible dependent* leaves the *hospital* or similar facility. This exception does not apply to a child born while dependent insurance is in effect. Dependent insurance for a newborn dependent child, including an adopted newborn dependent child, will automatically take effect at birth. Insurance will continue for 31 days. If you want insurance to continue for a newborn beyond 31 days, you must notify us (if you do not already have dependent child insurance) and make the required premium payment within the 31-day period.

When Dependent Insurance Ends

A dependent's insurance will end on the date:

- the *policy* or *participating employer's* application ends;
- the *policy* or *participating employer's* application is changed to end dependent insurance;
- that dependent is no longer eligible;
- your insurance for the same coverage under the *policy* or *participating employer's* application ends;
- a required contribution for dependent insurance was not paid;
- a person's employer is no longer a *participating employer*;
- all benefits paid or payable for you under this *policy* reach the maximum amount payable as described in the Schedule; or
- all benefits paid or payable for a *covered dependent* under this *policy* reach the maximum amount payable as described in the Schedule. *Critical Illness insurance* for *covered dependents* who have not reached the maximum amount payable will continue as long as all other *policy* provisions apply.

If your and your dependent insurance ends, you may be eligible to *port* your insurance and continue your benefits. Please see the Porting to a Group Portability Policy provision.

SPECIAL DEPENDENT INSURANCE CONTINUANCE PROVISIONS

As specified below, dependent *critical illness insurance* may continue, subject to the provisions that describe when insurance ends, and all other terms and conditions of the *policy*. Premiums are required for any coverage continued.

Physically or Mentally Handicapped Dependent Children

Dependent *critical illness insurance* for an *eligible dependent* child will continue beyond the date a child attains an age limit, if, on that date, he or she:

- is unable to earn a living because of physical or mental handicap; and
- is chiefly dependent upon you for support and maintenance.

We must receive proof of the above within 120 days after the child attains the age limit and each year after that, beginning 2 years after the child attains the age limit. There will be no increase in premium for this continued coverage.

Dependent *critical illness insurance* will end when the child is able to earn a living or is no longer dependent on you for support and maintenance.

SPECIAL FEDERAL CONTINUANCE PROVISIONS

Under the provisions of the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), you and your *covered dependents* may have the right to continue *critical illness insurance* coverage beyond the date insurance would otherwise terminate. You should contact the *participating employer* concerning your right to continue coverage.

CRITICAL ILLNESS INSURANCE

Insurance Provided

Benefits may be payable under this *policy*. If you or your *covered dependent* is *diagnosed* with a *critical illness* or undergoes a *procedure* while insured under the *policy*, we will pay the benefits shown in the Schedule. Some of the benefits described in the *policy* may not apply depending on the level of benefits selected.

The *critical illness* must be *diagnosed* or the *procedure* undergone while you or your *covered dependent* is insured under this *policy* and is subject to the limitations and exclusions described in this *policy*.

We will not pay benefits for any *critical illness* or *procedure* if you or your *covered dependent* has been *diagnosed* with that *critical illness* or has undergone that *procedure* at any time prior to the effective date of your or your *covered dependent's* coverage under the *policy*.

Any benefits are subject to the provisions of the *policy*.

Any required premiums must continue to be paid, either under the *policy* or under the group portability policy, if eligible, for benefits to be paid.

Proof of Good Health

If you are eligible for more than the Maximum Amount Without Proof of Good Health or your *eligible dependent* is eligible for more than the Dependent Maximum Amount Without Proof of Good Health shown in the Schedule, you or your *eligible dependent* will be limited to that Maximum until you give us *proof of good health* for yourself or your *eligible dependent*. If the proof is accepted, the additional amount of insurance will take effect on the first of the month occurring on or after the later of the date of the request or the date of our correspondence notifying you of our approval of your or your *eligible dependent's proof of good health*, if required.

Amount of Benefit

We will pay the *applicable percentage* of the *benefit amount*.

After we pay benefits for a particular *critical illness* or *procedure*, we will not pay any additional benefits if you or your *covered dependent* is ever *diagnosed* with that *critical illness* or undergoes that *procedure* again except as described in the Recurrence Benefit provision.

Each *critical illness* and *procedure* is included in a specific category in the Schedule. We will pay up to 100% of the *benefit amount* in each of the categories shown in the Schedule. We will not pay more than 100% of your or your *covered dependent's benefit amount* in any category. After we pay 100% of the benefit in a specific category, we will not pay any additional benefits for any *critical illness* or *procedure* listed in that category except as described in the Recurrence Benefit provision.

We will pay a *benefit amount* in more than one category, if:

- benefits have been paid under this *policy* because you or your *covered dependent* was *diagnosed* with a *critical illness* or has undergone a *procedure* in a specific category; and
- you or your *covered dependent* is *diagnosed* with a *critical illness* or undergoes a *procedure* from a different category more than 6 consecutive months later.

If the date of the *diagnosis* of a *critical illness* or date of a *procedure* is the same for *critical illnesses* or *procedures* listed in different categories, we will pay only the benefit for the *critical illness* or *procedure* with the largest *applicable percentage*.

CRITICAL ILLNESS INSURANCE (continued)

Recurrence Benefit

We will pay a recurrence benefit, if

- benefits have been paid under this *policy* because you or your *covered dependent* was *diagnosed* with a *critical illness* or has undergone a *procedure*,
- you or your *covered dependent* is *diagnosed* with the same *critical illness* or undergoes the same *procedure* more than 18 months later, and
- you or your *covered dependent* has not received *treatment* for the same *critical illness* or condition that led to the *procedure* for 18 consecutive months after the *diagnosis* for the *critical illness* or after the *procedure*. For the purposes of this provision, we will not consider follow-up visits to your *doctor* or prescription medications other than cytotoxic medications (cancer chemotherapy) to be *treatment*.

The amount of the recurrence benefit is 25% of the benefit previously paid because of that *critical illness* or *procedure*.

The recurrence benefit will only be paid once in each category.

Wellness Screening Benefit

We will pay the Wellness Screening Benefit Amount shown in the Schedule if you provide proof satisfactory to us that you or your *covered dependent* had a wellness screening test performed while covered under the *policy*. This benefit is limited to the wellness screening tests listed below and is limited to one test per *benefit year* for you or your *covered dependent*.

- cardiac exercise stress test
- fasting blood glucose test
- blood test for lipids including total cholesterol, LDL, HDL and triglycerides
- breast ultrasound or mammography
- CA15-3 (blood test for breast cancer)
- CA 125 (blood test for ovarian cancer)
- CEA (blood test for colon cancer)
- chest x-ray
- colonoscopy
- flexible sigmoidoscopy
- hemocult stool analysis
- pap smear
- PSA (blood test for prostate cancer)
- serum protein electrophoresis
- carotid doppler
- electrocardiogram

CRITICAL ILLNESS INSURANCE (continued)

- echocardiogram.

This benefit will be paid as long as the *policy* is in force and you or your *covered dependent* remains covered under the *policy*. The benefit will be paid regardless of the results of the test. The wellness screening benefit is paid in addition to any other benefits payable under the *policy*. In order to receive this benefit, you must submit proof that the wellness screening test was performed by providing us with documentation from your *doctor*.

Pre-Existing Conditions

We will not pay benefits for claims resulting, directly or indirectly, from a pre-existing condition (defined below) unless you or your *covered dependent* is initially *diagnosed* with a *critical illness* or undergoes a *procedure* after 12 consecutive months during which you or your *covered dependent* is continuously insured under the *critical illness insurance policy*.

A "pre-existing condition" means an *injury*, sickness, symptom or physical finding, or any related *injury*, sickness, symptom or physical finding, for which you or your *covered dependent*:

- consulted with or received advice from a licensed medical or dental practitioner; or
- received medical or dental care, *treatment*, or services, including taking drugs, medicine, insulin, or similar substances

during the 12 months that end on the day before you or your *covered dependent* became insured under the *critical illness insurance policy*.

General Exclusions

We will not pay benefits for you or your *covered dependent* if the *critical illness* or *procedure* is related to or resulting directly or indirectly from:

- services or *treatment* not included in the Schedule;
- services or *treatment* for which you or your *covered dependent* is not charged, unless there is no charge because the facility is a United States government facility;
- services or *treatment* provided by a *family member*;
- any *critical illness* that is *diagnosed* outside of the United States;
- services or *treatment* rendered outside the United States;
- services or *treatment* provided primarily for cosmetic purposes;
- *treatment* or complications of *treatment* not related to a *critical illness* or *procedure*;
- an autologous bone marrow transplant, one in which your own bone marrow is used;
- service in the armed forces or related auxiliaries such as the National Guard or Army Reserve of any country, combination of countries, or international organization at war, whether declared or not;
- war or any act of war, whether declared or not;
- taking part in a riot or insurrection, or an act of riot or insurrection;
- committing or attempting to commit an assault or felony;

CRITICAL ILLNESS INSURANCE (continued)

- incarceration in a penal institution of any kind;
- intoxication (intoxication means your or your *covered dependent's* blood alcohol level exceeds the legal limit for operating a motor vehicle in the jurisdiction in which the *injury* occurs);
- use of any drugs, unless the drugs were used as prescribed or directed by a *doctor*;
- intentionally self-inflicted injury, while sane or insane; or
- suicide or attempted suicide, while sane or insane.

Porting to a Group Portability Policy

If all of your *critical illness insurance* ends for a reason other than you did not pay your share of the premium, you may be eligible to port your insurance and your dependent insurance currently in force. You must *port* your *critical illness insurance* in order to *port* your *covered dependent's critical illness insurance*. A *covered dependent* may not *port* his or her *critical illness insurance*. Your insurance under the group portability policy will be a continuation of your insurance and your dependent insurance, if any, under this *policy* and all benefits, limitations and exclusions under this *policy* will continue to apply to your insurance and your dependent insurance, if any, under the group portability policy.

You are not eligible to *port* if the *critical illness insurance* ends because you did not pay your share of the premium.

You must apply and pay the premium within 31 days after your coverage ends. No *proof of good health* is required.

If you or your *covered dependent* is *diagnosed* with a covered *critical illness* or undergoes a *procedure* within 31 days after your *critical illness insurance* ends, but before you have applied to *port*, we will pay any benefits as if you had *ported*. However, you must pay any premium due. The insurance can be continued under the group portability policy until the later of the day before your 65th birthday or 12 months from the date your coverage under the *policy* ends.

We will notify you of the amount of premium due, the frequency of premium payments and the premium due dates. If any premium is not paid when due, you will have a 31 day grace period. Insurance will end at the end of the grace period if you fail to make the required premium payment within that time. We will not change the premium rate more than once in any period of 6 consecutive months and we will give you 31 days advance written notice of any change in rates.

CLAIM PROVISIONS FOR CRITICAL ILLNESS INSURANCE

Payment of Benefits

We will pay benefits when we receive all the required proof of covered loss. We will pay all benefits within 25 days after receipt of due written proof in the form of a clean claim where a claim is submitted electronically and within 35 days where a claim is submitted in paper format, other than loss for which the *policy* provides any periodic payment. Subject to due written proof of loss, all accrued benefits for loss for which the *policy* provides periodic payment will be paid not less frequently than monthly and any balance remaining unpaid upon the termination of liability will be paid within 30 days after receipt of due written proof. If we fail to pay benefits within the required time frame, we will pay interest at the rate of one and one-half percent per month accruing from the day after payment was due until the claim is finally settled or adjudicated.

To Whom Payable

We will pay all benefits to you. However, if medical evidence indicates that a legal guardian should be appointed, we will hold further benefits due until such time as a guardian of your estate is appointed and we will pay benefits to such guardian at that time. If any amount remains unpaid when you die, we will pay your estate.

Any amount we pay in good faith releases us from further liability for that amount.

Authority

The *policyholder* delegates to us and agrees that we have the sole discretionary authority to determine eligibility for participation or benefits and to interpret the terms of the *policy*. All determinations and interpretations made by us are conclusive and binding on all parties.

Filing a Claim

You must send us notice of the claim. We must have written notice of any insured loss within 30 days after it occurs, or as soon as reasonably possible. You can send the notice to our *home office*, to one of our regional group claims offices, or to one of our agents or administrators. We need enough information to identify you as a *covered person*.

Within 15 days after the date of your notice, we will send you certain claim forms. The forms must be completed and sent to our *home office* or to one of our regional group claims offices. If you do not receive the claim forms within 15 days, we will accept a written description of the exact nature and extent of the loss.

The time limit for filing a claim is 90 days after the date of the loss, *treatment* or service.

Proof of Loss

Written proof of loss must be furnished to our *home office*, to one of our regional group claims offices, or to one of our agents or administrators within 90 days after the occurrence or commencement of any covered loss.

In the case of claims for loss for which this *policy* provides any periodic payment contingent upon continuing loss, proof of loss must be furnished within 90 days after the termination of the period for which we are liable. Failure to furnish such proof within the time required shall not invalidate nor reduce any claim if it was not reasonably possible to give proof within such time, provided such proof is furnished as soon as reasonably possible.

You must provide us with all of the information we specify as necessary to determine proof of loss and decide our liability. This may include but is not limited to medical records, *hospital* records, pharmacy records, test results, therapy and office notes, mental health progress notes, medical exams and consultations, tax returns, business records, payroll and attendance records, billing records, invoices, receipts, police reports and investigative reports.

You must provide us with a written authorization allowing the sources of medical, vocational, occupational, financial, and governmental information to release documents to us which enables us to decide our liability. If you

CLAIM PROVISIONS FOR CRITICAL ILLNESS INSURANCE (continued)

do not provide us with the items and authorization necessary to allow us to determine our liability, we will not pay benefits.

Right to Examine or Interview

We may ask you or your *covered dependent* to be examined as often as we require at any time we choose. We may require you or your *covered dependent* to be interviewed by our authorized representative. We will pay third party charges for any independent medical exam or interview which we require. If you or your *covered dependent* fails to attend or fully participate we will not pay benefits.

Limit on Legal Action

No action at law or in equity may be brought against the *policy* until at least 60 days after you file proof of loss. No action can be brought after the applicable statute of limitations has expired, but, in any case, not after 3 years from the date of loss.

Review Procedure

You must request, in writing, a review of a denial of your claim within 180 days after you receive notice of denial.

You have the right to review, upon request and free of charge, copies of all documents, records, and other information relevant to your claim for benefits, and you may submit written comments, documents, records and other information relating to your claim for benefits.

We will review your claim after receiving your request and send you a notice of our decision within 30 days after we receive your request or within 60 days if special circumstances require an extension. We will state the reasons for our decision and refer you to the relevant provisions of the *policy*. We will also advise of further appeal rights, if any.

Incontestability

The validity of the *policy* cannot be contested after it has been in force for 2 years, except if premiums are not paid.

Any statement made by the *policyholder* or a *covered person* will be considered a representation. It is not considered a warranty or guarantee. A statement will not be used in a dispute unless it is written and signed, and a copy is given to the *covered person*.

No statement, except fraudulent misstatement, made by a *covered person* about insurability will be used to deny a claim for a loss incurred after coverage has been in effect for 2 years.

No claim for loss starting 2 or more years after the *covered person's* effective date may be reduced or denied because a disease or physical condition existed before the person's effective date, unless the condition was specifically excluded by a provision in effect on the date of loss.

Overpayment

We have the right to recover any overpayments due to:

- fraud; or
- any administrative error we make in processing a claim.

You must reimburse us in full. We will determine the method by which the repayment is to be made.

We will not recover more money than the amount we paid you. However, we reserve the right to recover any prior or current overpayment from a claim under the *policy*.

GENERAL PROVISIONS

Entire Contract

The *policy* and the *policyholder's* application attached to it are the entire contract. Any statement made by you, the *participating employer* or the *policyholder* is considered a representation. It is not considered a warranty or guarantee. A statement will not be used in a dispute unless it is written and signed, and a copy is given to you.

Errors

An error in keeping records will not cancel insurance that should continue; nor will it continue insurance that should end. We will adjust the premium, if necessary, but not beyond 3 years before the date the error was found. If the premium was overpaid, we will refund the difference. If the premium was underpaid, the difference must be paid to us.

Misstatements

If any information about you or the *participating employer's* plan is misstated or altered after the application is submitted, including information with respect to participation or who pays the premium and under what circumstances, the facts will determine whether insurance is in effect and in what amount. We will retroactively adjust the premium.

Certificates

We will send certificates to the *participating employer* to give to each *covered person*. The certificate will state the insurance to which the person is entitled. It does not change the provisions of the *policy*.

Workers' Compensation

The *policy* is not in place of, and does not affect any state's requirements for coverage by Workers' Compensation insurance.

Agency

Neither the *policyholder*, any employer, any *associated company*, nor any administrator appointed by the foregoing is our agent. We are not liable for any of their acts or omissions.

Fraud

It is unlawful to knowingly provide false, incomplete or misleading facts or information with the intent of defrauding us. An application for insurance or statement of claim containing any materially false or misleading information may lead to reduction, denial or termination of benefits or coverage under the *policy* and recovery of any amounts we have paid.

ENDORSEMENT

Effective on and after its effective date, the Certificate is endorsed as follows:

1. The term "spouse" shall also mean a domestic partner. A "domestic partner" is defined in Section 297 of the California Family Code.
