2022-2023 Working Calendar – Northern CA Conference

Modified Calendar Guidelines:

- **Modifications:** Schools wishing to make modifications to the NCC calendar may request consideration by the NCC Board of Education. Schools should present a calendar voted by the local school board which includes 180 school days, and which has the same beginning and ending contract date as the NCC calendar.
- **Minimum Days:** Schools may include a maximum of six minimum school days in the proposed calendar. All minimum days must be approved by the NCC Office of Education at least two weeks in advance.
- **Student-Teacher Contact Days:** When presenting a modified calendar for approval, schools may include school-wide activities of an alternative education nature, i.e. ski days, outdoor school. However, there may be no more than 5 such days in the calendar, ensuring a minimum of 175 student-teacher contact days.
- **Sunday School Days:** Attendance can be required, and a Sunday may be counted as a required school day. There must be no less than 4 hours of required attendance and participation for all students on a Sunday school day. No more than 2 Sunday school days may be a part of your 180-day calendar. There may **NOT** be any required Sabbath school days.
- **Semester Split:** According to Pacific Union Ed Code, **semesters must be no more than 10 days different in length (85 and 95, for example).**

School Calendar Non-Student Workdays Guide

- Calendar **MUST** account for the required 15 non-student workdays for contracted teachers, beyond the 180 student-contact days, regardless of first day of school.
- Submitted calendar needs to identify all 15 non-student-contact workdays for teachers.
- The 15 expected non-student contact workdays during the contracted school year shall include 10 hours of school-wide professional growth. Schools identified by policy as small schools are required to submit individual teacher professional growth plans for teachers over 50% FTE in lieu of a school-wide plan.
