

Student Manipulatives
To Complement GoMath

Grades 3-4

Play money, bills -- \$1's, \$5's, \$10's, \$20's, \$50's and \$100's

Play money, coins – pennies, nickels, dimes and quarters

Number cubes – Green foam cubes by:

- 1 foam layer cube, with gridlines showing 10 cubes high times 10 cubes long
- 10 long foam cube strips, with gridlines showing 1 cube times 10 cubes
- 20 single foam cubes

Place value blocks – looks like two blank white dice. There is a strip of paper with 50 round white stickers in the same bag. Not sure if it is to write numbers on or what.

Twelve inch ruler

Clear plastic spinner

Two-Color Counters – Twenty plastic round chips, called counters. Red on one side, yellow on the other
