

Student Manipulatives
To Complement GoMath

Grades 5-6

Algebra Tiles – Hard plastic thin tiles:

- 5 large square tiles (almost 2-1/2 inch square), red on one side, dark blue on the other
- 10 long narrow tile strips, as long as one side of the square tile above (5 and ½ strips would cover the square tile above), red on one side, green on the other
- 20 single small square tiles (5 and ½ squares would cover the strip above), red on one side, yellow on the other

GeoTool Compass

Number Cubes – looks like two blank white dice. There is a strip of paper with 50 round white stickers in the same bag. Not sure if it is to write numbers on or what.

Protractor

Twelve inch ruler

Clear plastic spinner

Two-Color Counters -- Twenty plastic round chips, called counters. Red on one side, yellow on the other
