MAP Testing Quick Guide

Creating Test Session (before test day):

1. Log in to **teach.mapnwea.org**
2. Click on "Map Growth" then "Manage Test Sessions"
3. Click on "Find Students to Test"
4. Search by grade level
5. Select your students and choose "Add Students"
6. In the Student List below - Select all students and choose "Assign Test"
7. Choose the correct test (see chart below) from the drop-down menu and select "Assign"
8. Choose "Save Session" and name the test session.

Proctoring (on test day):

1. Log in to **teach.mapnwea.org**
2. Click on "Map Growth" then "Manage Test Sessions"
3. Click on Saved Test Sessions Tab (near the bottom)
4. Choose the saved test you are about to give and click "Test Now"
5. Find the Session Name and Password near the top of the page which students will need when they login to the test.
6. Once all students are logged into the test session, choose "confirm" to start the test

Student Login (on test day):

1. Students open Chrome and go to **test.mapnwea.org**
2. Students enter the Session Name and Password you give them
3. Students choose their name from the drop-down menu and then choose "yes" when prompted.
4. Once confirmed, students are ready to start testing by clicking "Start Test"

Practice Test - Student Login:

1. Students open Chrome and go to **test.mapnwea.org**
2. Students click on "Try the Practice Test"
3. Username: grow
4. Password: grow
5. Select grade level, course, test language, and test to start the short practice test
