The North American Division strongly recommends that each pastor actively participate in 20 hours, or 2 units, of Continuing Education each year for professional growth. We seek to meet part of this continuing Education Requirement through our Pastors Retreats at Pacific Union College/Rio Lindo Adventist Academy and at Leoni Meadows. The conference budget for this year provides funding for a \$500 subsidy per pastoral worker for Continuing Education. This subsidy will come as a reimbursement for actual receipted expenses in your month-end check.

Please report your expenses to the Ministerial Department on the C.E. Expense Report Form.
